Asuom Bangle Size Guide

Asuom Bangles have a magnetic sterling silver clasp that allows them to fit easily over your wrist, without having to squeeze over your hand.

Please print this size guide to scale by printing on A4 paper. Do not fit to page.

If you have a tape measure you can measure the circumference around your wrist. If you like your bangle loose you can add half a centimeter to your measurement.

If you don't have a tape measure cut out the size ruler carefully and cut the slit line. Wrap the ruler around your wrist and pass the end through the slit so it is firm but not uncomfortable. This will be your size.

| Wrist Measurement (CM) | Bangle Size |
|------------------------|-------------|
| 15 | 5.5 |
| 16 | 6 |
| 17 | 6.5 |
| 18 | 7 |
| 19 | 7.5 |
| 20 | 8 |
